St. Paul
Auto Engine Works, Inc.
Bfmd. F. Johnson, Inc.
W. J. Mowrey Company
Superior Metal Products Co.

D. W. McDowell
Metallurgist, Union Drawn Steel Division
CHICAGO

WILL SPEAK ON

"COLD FINISHED STEELS—PROCESSING AND APPLICATION"

MONDAY, NOVEMBER 17, 1941

IN THE

COFFMAN MEMORIAL UNION
UNIVERSITY OF MINNESOTA

Dinner 6:30
Rooms 351 and 352

Technical Session 7:45
Men's Lounge, Second Floor

Mr. McDowell’s discussion of cold rolling and drawing of sheets and bar stocks should be most interesting because they are so commonly used for machine parts and automatic screw machine products.

He has kindly consented to take the place of H. W. McQuaid, who was scheduled to be the speaker at this meeting, but can not come because of the demands upon his time in connection with the steel mill expansion program for the O.P.M.

Dinner 75 cents. Reservation card is enclosed.
