American Society for Metals

NORTH WEST CHAPTER

Affiliated with
Manufacturers' Association of Minneapolis, Inc.

CHAPTER OFFICERS

CHAIRMAN
L. D. WOLFF, Tool Engineer
Northern Ordnance, Inc., Minneapolis

VICE CHAIRMAN
A. A. GUSTAFSON, Service Engineer
E. F. Houghton & Co., St. Paul

SECRETARY-TREASURER
ALEXIS CASWELL, Secretary
Manufacturers' Association of Minneapolis, Inc.

EXECUTIVE COMMITTEE

W. E. BOKER, General Superintendent
E. F. Houghton & Co., Minneapolis

C. E. COMFORT, Plant Superintendent
St. Paul Structural Steel Co., St. Paul

F. H. PABER, Vice President
Despatch Oven Company, Minneapolis

JOHN A. HARRINGTON, President
Savage Tool Company, Savage

S. REED HEDGES, Mechanical Engineer
Minneapolis-Moline Power Implement Co., Minneapolis

GORDON W. JOHNSON, Metallurgist
American Hoesi & Derrick Co., St. Paul

R. A. KAPLAN, President
Owatonna Tool Company, Owatonna

V. R. KRAUSE, Metallurgist
General Mills, Inc., Mechanical Division
Minneapolis

LEONARD MAYERON, Materials Engineer
Minneapolis-Honeywell Regulator Co., Minneapolis

A. T. MILLOT, Owner
Conditioned-Air Equipment Co., Minneapolis

CHARLES A. NAGLER, Instructor
University of Minnesota, Minneapolis

LE ROY OWEN, Sales Representative
Carpenter Steel Company, Minneapolis

WALTER E. SWEET, Manager
Twin City Steel Treating Co., Minneapolis

SUSTAINING MEMBERS

The North West Chapter acknowledges its appreciation of the interest and support shown by the following sustaining members:

St. Paul
Anderson Machine Tool Co.
Auto Engine Works, Inc.
E. F. Houghton & Co.
Edw. E. Johnson, Inc.
W. E. Mowrey Company
Superior Metal Products Co.
Twin City Testing and Engineering Lab.

Minneapolis
Getchell Steel Treating Co.
Johnston Manufacturing Co.
Mahr Manufacturing Company
Minneapolis Electric Steel Castings Co.
Minneapolis-Honeywell Regulator Co.
Northern Ordnance, Inc.
Rodgers Hydraulic, Inc.
Twin City Steel Treating Co.
Western Alloyed Steel Casting Co.

Outside Twin Cities
Alloy Casting Company, Milwaukee
Owatonna Tool Co., Owatonna

R. W. AUXIER

Plastics Engineer, Research Laboratories
WESTINGHOUSE ELECTRIC & MANUFACTURING CO.
East Pittsburgh, Pa.

will speak on

"Properties of Plastics"

Wednesday, March 21, 1945, 8:00 P.M.

MEN'S LOUNGE, COFFMAN MEMORIAL UNION
UNIVERSITY OF MINNESOTA

How the skill of scientists is laying bare almost unlimited uses for plastic material will be discussed at this meeting.

Mr. Auxier has been a specialist in the plastics field for the past decade, and will report on the chemical makeup of certain synthetics and how they lend themselves to fashioning into intricate—yet strong—forms with countless practical possibilities.

Mr. Auxier joined Westinghouse in 1928. Devoting his efforts to plastics research since 1935, he was appointed section engineer in that department four years ago. He was awarded a B.S. Degree in Chemistry in 1940 by the Carnegie Institute of Technology.

Mr. Auxier is pinch-hitting for Dr. A. Allan Bates, who has scheduled for this meeting but was unable to come. We appreciate the cooperation of the Westinghouse Company in providing such an excellent substitute.

Make this a MUST MEETING. It will be well worth while.

Bring your friends.

We are glad to announce that Anderson Machine Tool Co. and the Twin City Testing and Engineering Laboratory, both of St. Paul, have become sustaining members. Their interest and support are greatly appreciated.
