American Society for Metals
NORTH WEST CHAPTER
Affiliated with Manufacturers' Association of Minneapolis, Inc.

CHAPTER OFFICERS
CHAIRMAN
LEONARD MAYERON, Materials Engineer
Minneapolis-Honeywell Regulator Co.
Minneapolis
VICE CHAIRMAN
LE ROY D. WOLFF, Tool Engineer
Northern Pump Co.
Minneapolis
SECRETARY-TREASURER
Alexia Caswell, Secretary
Manufacturers' Association of Minneapolis, Inc.

EXECUTIVE COMMITTEE
F. H. FABER, Vice-President
Dispatch Oven Company
Minneapolis
A. A. GUSTASON, Service Engineer
E. P. Houghton & Co.
St. Paul
JOHN A. HARRINGTON, President
Savage Tool Co.
Savage
S. R. DED HEDGES, Mechanical Engineer
Minneapolis-Moline Power Implement Co.
Minneapolis
GORDON W. JOHNSON, Metallurgist
American Hoist & Derrick Co.
St. Paul
RUSSELL H. LAUDERDALE, Engineer
Northern Pump Co.
Minneapolis
CHARLES A. MAGLER, Instructor
University of Minnesota
Minneapolis
LE ROY OWEN, Sales Representative
Carpenter Steel Co.
Minneapolis
S. J. PFAPP, Sales Representative
Columbia Tool Steel Co.
St. Paul
DANA A. ROGERS, Superintendent
Instrument Shop, Mayo Clinic
Rochester
WALTER E. SWEET, Superintendent
Twin City Steel Treating Co.
Minneapolis

SUSTAINING MEMBERS
The North West Chapter acknowledges its appreciation of the interest and support shown by the following sustaining members:
St. Paul
Auto Engine Works, Inc.
E. P. Houghton & Co.
Edw. E. Johnson, Inc.
W. E. Mowrey Company
Superior Metal Products Co.
Minneapolis
Gechell Steel Treating Co.
Johnston Manufacturing Co.
Mahr Manufacturing Company
Minneapolis Electric Steel Castings Co.
Minneapolis-Honeywell Regulator Co.
Rodgers Hydraulic, Inc.
Twin City Steel Treating Co.
Western Alloved Steel Casting Co.
Outside Twin Cities
Alloy Casting Company, Milwaukee
Owatonna Tool Co., Owatonna

John A. Harrington
PRESIDENT, SAVAGE TOOL COMPANY
Minneapolis

WILL SPEAK ON
"GAGES"

WEDNESDAY, APRIL 5, 1944, 8:00 P.M.
MEN'S LOUNGE
COFFMAN MEMORIAL UNION, UNIVERSITY OF MINNESOTA

Mr. Harrington graduated from the Massachusetts Institute of Technology specializing in hydraulic engineering. During the past few years he has done much research work in powder metallurgy under hydraulic pressure, as well as research and production engineering on gage blocks and gage instruments, which measure within three-millionths of an inch.

Mr. Harrington is recognized as one of the leading authorities on gages, and is in demand by many technical societies to lecture and demonstrate gage making and precision instruments.

The Program Committee takes pleasure in presenting one of our members, Mr. Harrington, on this important subject.
