H. H. HARRIS
PRESIDENT, GENERAL ALLOYS COMPANY
Boston, Massachusetts

will discuss

"HEAT RESISTANT ALLOYS"

THURSDAY, SEPTEMBER 19, 1940
ST. ANTHONY COMMERCIAL CLUB
210 Central Avenue, Minneapolis

DINNER 6:30 P.M. TECHNICAL SESSION 7:45 P.M.

Mr. Harris studied engineering and metallurgy at Wisconsin, and has had a wide experience in many fields. In his early days he was connected with a western railroad, and since then he has been general sales manager of the Swedish Crucible Steel Company, and later connected with other outstanding companies in the metal lines.

His talk will be of interest to all those who are engaged in any way with the use and application of alloy steels, for he knows the answers to many problems.

Dinner and refreshments 75c. Mail your reservation card PROMPTLY.
