Illustrated by Lantern Slides

THURSDAY, MARCH 9, 1939
MINNESOTA UNION, UNIVERSITY OF MINNESOTA
DINNER 6:30 P.M., ROOM 201
TECHNICAL SESSION 8:00 P.M., ROOM 110

Mr. Scheid will undoubtedly cover in his discussion cleanliness, proper methods of forging to break up segregations, atmospheric control of furnaces to prevent decarburizing, etc.

A decided attraction will be a colored motion picture entitled “Tool Steel Manufacture” presenting the latest methods in the production of tool steel.

Dinner 65c. From the first twenty reservations received from members, two will be awarded a free dinner. Mail your reservation card promptly.

The seventh meeting in the educational course for members, and non-members who have enrolled, will be held March 14, 8:00 P.M., at the Minneapolis-Honeywell Regulator Company, when “PLASTICS” will be discussed by Leonard Mayeron, metallurgist. A sound and color film entitled “Modern Plastics Preferred” will be shown.
