STUDENT CONTEST 1944-1945

SPONSORED BY
NORTH WEST CHAPTER

AMERICAN SOCIETY FOR METALS
for
Senior Students in High School and in College

AWARDS

In order to stimulate metallurgical science and its application to industry in this region, the North West Chapter of the American Society for Metals will award two prizes totaling $50.00 in cash for the papers of the highest merit.

CONDITIONS

1. The subject of the papers is optional, but must pertain definitely to metallurgy. Papers may cover ferrous or non-ferrous metals and alloys from the standpoint of smelting, refining, physical properties, or uses and applications in industry.

2. Authors or co-authors must have been enrolled either as a senior student in a high school or as a senior student in a college in the State of Minnesota during the time of preparation of the paper.

3. Awards to high school students will be based largely on their ability to assemble and present ideas and factual information acquired by reading, since opportunities for research are not available. Award, $25.00

4. College senior awards will be on research papers and the research must be performed by the author or co-authors. Award, $25.00.

5. All papers are to be submitted to the secretary, Alexis Caswell, North West Chapter, American Society for Metals, 200 Builders Exchange Building, Minneapolis 2, Minnesota, on or before June 15, 1945, and awards will be presented at the September, 1945, meeting of the North West Chapter.

6. The Chairman of the North West Chapter, L. D. Wolf, will appoint three members to act as judges, who shall have the right to reject any or all papers.

STUDENT CONTEST COMMITTEE

R. L. Dowdell, Professor of Metallography, University of Minnesota
T. L. Joseph, Acting Administrative Head, School of Mines and Metallurgy, University of Minnesota
Charles Arthur Nagler, Instructor in Metallography, University of Minnesota
